Erasmus Policy Statement

Belgrade Metropolitan University

Belgrade Metropolitan University is fully committed to international cooperation, improving the quality of studies and mobility of students, faculty and administrative staff through the Erasmus+ programme. By participating in this programme, the University achieves its strategic goal - integration into the European area of higher education and strengthening its role in the global academic community.

Our priority is to provide students with access to quality international learning experiences, professional practice and research, which contribute to the development of knowledge, skills and intercultural competences needed for success in modern society and economy. We pay special attention to inclusion and equal opportunities for all mobility participants, regardless of their social, cultural or economic background.

The University encourages the development of partnerships with relevant higher education institutions, research centers and companies in Europe and beyond. Cooperation is based on the principles of academic integrity, mutual trust and transparency, with the objective of strengthening academic excellence, innovative teaching methods and joint research initiatives.

By implementing the Erasmus programme, we contribute to:

- improving the quality of the teaching process and study programmes through international exchange of knowledge and experience,
- raising the competitiveness of our graduates on the European and global labour market,
- strengthening of institutional capacities and digital transformation of education,
- promoting the values of European identity, multiculturalism and sustainable development.

Belgrade Metropolitan University commits to implement all activities within the Erasmus+ programme in accordance with the principles of equality, transparency and academic responsibility, thereby confirming its commitment to the values of the European Union and the European educational space.
